

## **2017 KWHM Social Media Conduct Letter to the KWHM Membership**

KWHM Membership,

The KWHM Board of Directors wants to remind everyone that each member has a voice in this organization and each voice is important to all of the board members. The KWHM BOD wants to hear your questions, concerns, and any issues that you may have. However, Facebook is not the place to voice these questions or post your opinions or heated discussions. Facebook is a public forum that many people look at. Many potential members are looking at our page and if they only see conflict they may decide it is not the organization for them. So as a membership, let's try to refrain from public arguments and discussions. If you as a member have a question, please address it to the BOD. If the question is specific like the State Show, Rules, Website/Social Media please send an email to the Chairman of that Committee. This will allow the BOD to do their job for the organization and address the issues at hand. The BOD is working hard for this organization, but just like everyone there may be oversights that need to be addressed. It is because our membership has a voice and brings concerns forward to be addressed, that the issues are handled in an appropriate manner. Remember we want to grow the organization and the best way to do that is to keep a positive environment towards the public. Thanks for your understanding and support.

Sincerely,

The KWHM Board of Directors
